Dear MetroSquash Supporters:

When we launched the MetroSquash program in 2005 with just 10 fifth grade students, we had a limited idea of how far our students, and the program, could go. What we had were curious and enthusiastic students and a clear vision to use squash as a hook to deliver high-quality, transformative academic, athletic, and enrichment programming.

Today, 12 years later, we mark a significant milestone with our first students graduating from college and entering the workforce. These students serve as inspirational role models for generations of MetroSquash students to follow. In addition, the MetroSquash Academic & Squash center, now two years old, serves as an anchor for the Woodlawn community, a safe space that students and families alike refer to as a “second home.”

This fall we will preserve our high-impact model while responsibly expanding to serve over 200 students in fifth grade through college graduation. In addition, our summer programming will serve over 100 students while our school outreach programming will reach over 200 students. In total the MetroSquash program will have a positive and meaningful impact on 500 students and their families each year.

We would like to thank our students, families, schools, and the Chicago squash and civic community for taking a chance on MetroSquash over 12 years ago. As we look to the future, we do so with the confidence that our model of engagement works, and that students everywhere deserve access to the tools necessary to succeed and make their mark.

Sincerely,

Peter Dunne  
Board Chairman  

David Kay  
Executive Director

For Chicago youth who desire and deserve more, MetroSquash combines academic support, competitive squash, and enrichment opportunities to empower students to realize their potential and make their mark.
Middle school reading levels increased 17%

Middle school math scores increased 64%

95% of middle school students enrolled in their best-fit high school

2017 First year MetroSquash students were accepted into the University of Chicago Laboratory Schools
Research has shown that quality out-of-school-time programs can promote student engagement, increase self-esteem, and help decrease risky behaviors. According to the University of Chicago Consortium on Chicago School Research, attendance, test scores, and grades are all indicators of high school success. Providing out-of-school-time programming for youth grades 5-8 can not only encourage on-time high school graduation, but help address the needs of youth who may not have access to the resources needed to realize his or her true potential.

HOW WOULD YOU DESCRIBE METROSQUASH?

I would describe MetroSquash as an afterschool program where all of the staff, stakeholders, and families are doing their best to help you succeed academically and physically. MetroSquash is a very social place and is one big family. MetroSquash has given me a chance to be friends with many different people from all around the world and visit many different places in the United States and even England.

WHY DO YOU DEDICATE 10 HOURS A WEEK TO METROSQUASH?

I am dedicated to MetroSquash because of the people and my relationships. Without the staff and upperclassmen, I wouldn’t be where I am today. These people have helped me come out of my shell and seek out new friendships. I am also dedicated to MetroSquash because of how unique the sport is and the future opportunities that it holds for me such as possibly getting a scholarship to go to college.

HOW WOULD YOU DESCRIBE METROSQUASH?
MetroSquash is a program that allows you to learn a new sport and develop habits to become a successful student. MetroSquash will keep you fit and provide a peaceful workplace with help from top notch tutors. The program is a safe haven to call home away from home.

WHAT DO YOU LIKE ABOUT METROSQUASH?
What I like about squash is the way it allows you to travel to new and exciting places. I am a competitive person by nature and I get my share of competition at tournaments. My favorite memory of the program is when I went to Williams College for the first time. It was my first time staying in a college dorm and eating in a college style dining hall. It was awesome.

KAMERON CALBERT
Rich Central HS | DePaul University

I’ve been in MetroSquash since the 6th grade. MetroSquash has meant the world to me. It has provided me with opportunities that I never thought I would obtain. I’ve worked, traveled and learned so much. MetroSquash has been like my second home.

KAYLA CALBERT
Rich Central HS | DePaul University

I’ve been at MetroSquash since 7th grade. I joined the program because my brothers had joined the previous year and I wanted to be a part of the family my brothers bragged about when they got home. Being part of MetroSquash gave me my first experience on an airplane. MetroSquash has been like a second home to me. I’ve learned many lessons that I’ll take with me for the rest of my life.

KENDALL CALBERT
Rich Central HS | DePaul University

I’ve been a part of MetroSquash for a little over 6 years. Since I’ve been in MetroSquash I have been to Canada, Detroit, Ohio, Arizona, New York, and many other cities participating in many different tournaments over the years. I have learned a lot of lessons from this program and I appreciate everything they’ve done for me. Without this program, I don’t know where I’d be.

CHLOE CASTON-SANDERS
King College Prep | City Colleges of Chicago

MetroSquash has taught me self-reliance, responsibility and sportsmanship. I know I will take the memories I have with the program into my adulthood. Thank you MetroSquash for teaching me to be like a net, get hit hard but forever bounce back!

KENDALL GIBSON
Urban Prep Academy - Bronzeville Campus | University of Arizona

I’ve been a part of MetroSquash since I was in the 5th grade and it’s been a decision I’m glad I made. MetroSquash has taught me so many things and invaluable lessons that it’s impossible to quantify the significance they’ve had in my life. They’ve taught me that through hard work and dedication, any dream is attainable.

ASIA GOODWIN
Gary Comer College Prep | Lincoln College

What I’ve learned the most since I’ve been at MetroSquash is community service: doing good things for others. I’m glad I got the chance to get to know more people and learn how to play squash. I want to thank MetroSquash for helping me to get into college.

BARRON GUNNINGS
University of Chicago College Prep Woodlawn | College of Wooster

I have been in the program for 3 years. The biggest lesson I have learned from MetroSquash is to appreciate the people in your life in the present. I appreciate that every time I come back people welcome me like family.
**KYLE LARRY**  
Kenwood HS | Bates College  
I’ve had the privilege and honor to be a part of MetroSquash for about 5 years. This organization has given me the opportunity to explore a bevy of places, such as Toronto, Canada and Cartagena, Colombia. Throughout my years at MetroSquash, I have developed skills that will help me succeed in the work force, as well as help me search for my identity - what it means to be Black. MetroSquash has sacrificed so much for me and I appreciate the dedication and commitment that the staff has.

**MYARAH LASKY**  
Univ. of Chicago College Prep  
Woodlawn | United States Armed Forces  
For me, MetroSquash has served as an opportunity to stand out and do something different. MetroSquash has also helped me with time management, perseverance and the art of networking. Without MetroSquash, I wouldn’t have had the opportunity of experiencing some of the most challenging, yet exciting events of my life. I appreciate all of the effort MetroSquash has put into making me successful in squash and in life.

**TACARA LINDSAY**  
Kenwood HS | Western IL University  
MetroSquash has opened my eyes to new experiences. I’ve met some of the best people here. Ever since joining the program, we’ve been a family. It’s become a third home. I’m grateful for the opportunity.

**ALEAN LUCKY**  
Rich Central HS | Indiana State University  
MetroSquash has given me a new family and place to call home.

**AMAURYANA MANN**  
Gary Comer College Prep | Eastern IL University  
I have been a part of MetroSquash for 5 years now. Squash helped me learn that nothing is wrong with being different especially as a young African American woman in a predominantly white sport. I appreciate squash because not only did I learn how to play a sport and excel academically, but I gained relationships with tutors, peers, and staff. I have gained the opportunity to be a well-rounded student throughout squash. I am very grateful.

**GERALD MASSENBERG**  
Gary Comer College Prep | University of Illinois Urbana-Champaign  
Gerald I have been part of Squash for 7 years and I can truly say I love the people I’ve come in contact with. From lock-ins to worldwide tournaments, I have gained a sense of direction in where I want to go in life. Appreciative cannot describe how grateful I am for MetroSquash; teaching me many squash skills and keeping me involved in volunteer work to ensure I was always humble toward those who may need an extra hand. MetroSquash, and the sport of squash itself, has taught me to be persistent and always alert. This prominent lesson has helped me take the smart route when making decisions and taking opportunities that could really help me in the future. Love y’all, Gerald.

**MICHEL’LE MESSENGER**  
Lindblom Math & Science Academy | Clark-Atlanta University  
I have been a part of squash for 7 years. I appreciate the structure, academic support, and safe environment MetroSquash offers. At MetroSquash I have learned to be a better person through community service and team building activities. Also, I have become a well-rounded person because of MetroSquash, since they have exposed me to a plethora of diverse people and places.

**CAMERON STEELE**  
Gary Comer College Prep | University of Vermont  
What MetroSquash means to me is a place where true potential can be achieved. During my time at squash, I have made new friends, had new experiences, and have been to new places in the United States. MetroSquash has been to me like a second home.

Our first

COLLEGE GRADUATES

2017 marks an extraordinary milestone for the MetroSquash program - our first college graduates! These students are trail blazers and role models for every future MetroSquash student and we are proud to see them heading into the professional world as confident, capable, and contributing young men and women.

Keshawn Idris,
Baldwin - Wallace University

MetroSquash is like having a family outside my family. A place where I felt safe and supported. A place where I was pushed and molded into what I am today, a young successful adult.

I've been with the program since I was in 6th grade. I plan on finding a job/career and relocating to the east coast. After I've secured a position working, I plan on saving up to go back to school to obtain a MBA and become a CPA.

Marylyn Rogel,
University of Vermont

I’ve been a part of MetroSquash for 7 years. My time at MetroSquash exposed me to amazing opportunities and I will always be grateful for the support that I received.

After graduation I will be joining Teach for America in Miami. Down the road, I plan to go back to school for my graduate degree.

Precious Rooks,
Denison University

MetroSquash is like a second home, they were with us through the whole process. I made lifelong friends because of the program.

MetroSquash was always there to help with homework and tutoring. They connected me with scholarship opportunities and a mentor. After graduation, I am moving to Ohio to start my new job at Nationwide.

WHAT DO YOU LIKE ABOUT METROSQUASH?

MetroSquash is a great program because of the people. The friends that I made when I was in 6th grade are still the people I spend time with when I’m home. Apart from the people, I developed a love for squash. My previous coach Max and my mentor Kerry really pioneered my interest and commitment to attending Loomis Chaffee. I went to Loomis and played squash all four years. I now attend Wesleyan University where I also play squash.

Internships are a proven way to gain relevant knowledge, skills, and experience while establishing important connections in the workforce. Internships are also a great opportunity to find out if a specific field would make a viable career choice.

Any company looking to place MetroSquash students in internships can reach out to MetroSquash at info@metrosquash.org.
During the summer of 2017, MetroSquash student William Pemberton joined the team at OneMain Financial for his first internship experience. William is a long-time participant of MetroSquash and joined the program in 7th grade. He decided to attend boarding school for his high school experience and was accepted into Blair Academy in New Jersey. After graduation, he started at Lehigh University in the fall of 2016, where he has a double major in Finance and Accounting and plans to minor in Political Science. Upon completion of his freshman year, William completed his first summer internship with OneMain Financial, a multiyear experience that gives college students hands-on experience in the consumer lending industry. In speaking about his internship experience, William has said: “Completing an internship is important because it allows you to get a sense of whether or not the studies you’re pursuing are a good fit both professionally and academically. The personal loan specialist internship experience with OneMain Financial fits my career goals because it allows me exposure to an industry that interests me. It was a great experience that allowed me to obtain legitimate work experience in the financial services industry at a young age and it allowed me to earn some money at the same time. It was a win-win situation, and I plan to intern at OneMain during school breaks throughout my college career. I hope to conquer the business world similar to the way Jeff Bezos, Warren Buffett, and Bill Gates have.”

SUMMER CAMP

BY THE NUMBERS

90% of all MetroSquash middle school and high school students had a summer opportunity

89 Different summer opportunities
4 Week summer camp at MetroSquash

70% of MetroSquash Summer Camp participants were new to the program

METROSQUASH 2016-2017 ANNUAL REPORT
Parents and educators have long voiced concern about the possible negative impact of long summer vacations on learning. Research has shown that math scores in particular are at risk to summer learning attrition. At MetroSquash we provide internal and external summer opportunities to help combat this issue. We strive to ensure that over 80% of all students have access to at least 20 days of summer engagement.
COMMUNITY SERVICE

BY THE NUMBERS

100% of MetroSquash students required to give 10 hours per year

7 Students that gave over 20 hours

1,400 total hours of community service

14 Different service events

Any company looking to connect with MetroSquash for a community service event please contact MetroSquash at info@metrosquash.org.
Community service has always been an important part of MetroSquash. All students complete service hours throughout the school year. Service projects touch a variety of needs in the community including: food needs, elder care, homelessness, and literacy concerns.
MENTORING
BY THE NUMBERS

80 Mentor Pairs

2 Year commitment (minimum)

5 hours per month

Monthly activities hosted by MetroSquash

Anyone interested in becoming a mentor should contact MetroSquash at info@metrosquash.org.
My mentoring relationship with Keshawn started in 2007 in his seventh grade year. We certainly enjoy competing on the squash court, but Keshawn and I have a relationship that has expanded beyond squash. We developed a level of trust that enabled us to discuss everything from our interests outside of the squash court to our life goals and ambitions. His years of hard work have paid off. Keshawn graduated in four years from Baldwin Wallace University with an accounting degree. I was honored to attend the ceremony and celebrate with his family. The mentoring program has been one of the most rewarding experiences of my life. The best part is that it is not over. I have gained a lifelong friend I look forward to having in my life for many years to come.
PARENT COMMITTEE

BY THE NUMBERS

19 Volunteer opportunities
43 Members

20% ↑ Increase in parent committee members
500 Volunteer hours

Parent committee represented at 100% of events
The MetroSquash Parent Committee provides support and guidance in all aspects of our program. From event day support, front desk coverage, and concession stand sales, members of the MetroSquash parent committee are always available to help.

PARENT COMMITTEE SPOTLIGHT

Mollie and Regina Lampley are the Dynamic Duo! When you see one, you usually will see the other one. They are the mom and grandmother of a student who will start high school in the fall of 2017. Both are in regular attendance at the parent committee meetings, volunteer at the front desk weekly and on weekends, have written countless donor thank you cards and made appreciation phone calls without hesitation. You can see their warm and smiling faces at every volunteer opportunity that is available and are familiar faces at the facility.

METROSQUASH 2016-2017 ANNUAL REPORT
Henry Bienen and Daniel D. Dolan, Jr. hosted the 2016 MetroSquash Gala at Morgan Manufacturing. Over 350 people joined together to celebrate MetroSquash and to support our mission. Keynote Speaker Maria Toorpakai Wazir showcased the impact that sports have on overcoming adversity.
MetroSquash is the official charity of the Windy City Open, a professional squash tournament that takes place at the University Club of Chicago. The event brings together the top pros from both men’s and women’s squash from around the world. MetroSquash students are invited to attend the event each year and Michelle Messenger was selected for the Liz Kutyla-Miner award. Additionally, the University Club of Chicago provided Cameron Warren and Makyla Kelley scholarships in recognition of their efforts as student-athletes.
MetroSquash would like to thank all of its 2016-17 fiscal year (August 2016 - July 2017) donors and supporters.
Bill was a dedicated Board Member of MetroSquash since 2006. He served as our Vice-Chairman and Co-Chair of our Capital Campaign. He was a driving force in the planning, fundraising, and construction of our home - the MetroSquash Academic & Squash Center.

Most importantly, he was a passionate advocate in providing access to opportunity for our students and families. While we greatly miss his friendship and wisdom, his spirit is felt every day in the center that would never have been completed without his incredible drive and vision.

The Wardrop family has created an annual scholarship that will be given to two graduating high school seniors in Bill’s memory.
