Join MetroSquash and Chicago’s civic community to celebrate our 15th Year Anniversary on Thursday, October 22, 2020 at one of Chicago’s most iconic venues – The Field Museum. The location is also a nod to MetroSquash’s history - back in 2007, the Field Museum played host to MetroSquash with Sue - an event that put the program on the map. At that time, MetroSquash served just 24 students in 5th & 6th grade. Today, MetroSquash serves over 250 students at two locations in 5th grade through post-secondary completion!

Launched in 2005, MetroSquash is an out-of-school time program that has a long-term, holistic, proven model of impact. Operating on the South side of Chicago in Woodlawn and in Evanston, students enter the program as early as 5th grade and receive support through post-secondary completion. With a college enrollment rate of 98% and a college persistence rate of 88%, we have demonstrated that this a model that works.

MetroSquash has developed strong partnerships which extend every dollar invested in the program. We have developed deep and long-term relationships with colleges such as the University of Chicago and Northwestern University. We have built alliances with mission-aligned organizations like the McGaw YMCA, After School Matters, and Big Brothers, Big Sisters. We have strengthened ties with programs focused on providing increased access to opportunity for students such as Chicago Scholars, Cubs Scholars, Posse, and Daniel Murphy Scholarship Fund. With these and over 30 established partnerships, you can be assured that your support to MetroSquash is multiplied many times over.

BECOME A SPONSOR TODAY!

Over the past 15 years, MetroSquash has demonstrated impact and scale. Your support will help take MetroSquash to the next level as it looks to more than double the number of students served and expand to a third location – Chicago’s West Side.

• GIVE BACK to provide access to opportunity and make a transformative impact for Chicagoland youth
• INCREASE your brand exposure and elevate your corporate identity within the community
• STRENGTHEN your company’s reputation as a good corporate citizen to your customers, employees and local residents
