MetroSquash Mission and Vision

For Chicagoland youth who desire and deserve more, MetroSquash combines academic support, competitive squash, and enrichment opportunities to empower students to realize their potential and make their mark. For more information about MetroSquash visit www.metrosquash.org.

Founded in 2005 serving 10 students, MetroSquash has grown to serve over 400 students annually with a $2.5 million budget operating at two sites – Woodlawn and Evanston. In Woodlawn, MetroSquash operates out of a stand-alone center that the organization raised $8 million to construct in 2015.

Today, MetroSquash is working towards building locations in the Evanston and West Side neighborhoods that mirror the capacity of the Woodlawn facility, in addition to a more central location for a ‘Community Squash’ project. Over the next five years, MetroSquash aims to more than double the number of students served to over 1,000 annually while maintaining quality programming and measuring impact.
MetroSquash Philanthropy

As the economic engine behind MetroSquash, philanthropy is essential to cover the cost of both its annual high-quality programming and capital investments. Each year, MetroSquash raises $2.5-$4.0 million from two signature events – a spring Cup Event and a fall Gala. It also receives grant support from private foundations, corporations and government (city of Chicago). The dedicated donor base is approximately 2,000.

Historically, fundraising has been led by the CEO David Kay and the Board of Directors with support from a team of three development staff members. Moving forward, the CDO will play a prominent role in shaping and implementing the fundraising strategy. Increasing his/her impact by engaging others, the CDO will tap into a deep passion of current donors and enlist new supporters to expand the organization’s reach and potential.
